What evidence do we need?

Name: _____ Date: _____

Choose useful evidence for each question and explain why. Plan with words or drawings only. Do not open equipment, taste substances or go out to investigate.

1. Which plant in two drawings is taller? Compare with a ruler from the same starting point, or choose the prettier colour?

My answer: _____

2. Which described recording has more knocks? Count the knocks in each written description, or judge by the file name?

My answer: _____

3. Does a circle-square pattern repeat? Look at the whole sequence, or only its first shape?

My answer: _____
