Makes light or reflects it?

Name: _____ Date: _____

Write light source or reflects light for each example. Do not switch on equipment or shine light at eyes. Never look at the Sun.

1. A switched-on electric lamp: does it emit light or only reflect it?

My answer: _____

2. The Moon seen from Earth: does it make the visible light we see from it, or reflect sunlight?

My answer: _____

3. An ordinary mirror in a lit room: does it make light or reflect it?

My answer: _____
